We are pleased to announce that our turbidimeter AquaScat 2 has received an award at the WOD-KAN Fair in Bydgoszcz in Poland. This underlines our conviction that our AquaScat 2 is an Innovation with real benefits for any water supplier.

The International Fair of Machines and Facilities for Water Supply and Sewage Systems WOD-KAN 2017 is one of the most important business events in Poland and took place from 16th to 18th May, 2017. Each year more than 400 exhibitors and 10,000 visitors participate including technical directors, designers, technicians, operators, engineers and directors of water supplies and sewage systems.
